MontCAS, Phase 2
CRT and CRT-Alternate

Online Student
Data System

USER GUIDE FOR
SYSTEM TEST COORDINATORS

December 2005

TABLE OF CONTENTS

INTRODUCTION

Beginning with the 2006 administration of the Criterion-Referenced Test (CRT) and Criterion-Referenced Test Alternate (CRT-Alternate), an enhanced process will be used to upload pre-print student data files. This process is mandatory for all systems and schools participating in the CRT and CRT-Alternate Assessments. Montana's Office of Public Instruction (OPI) and Measured Progress have enhanced an online system to manage student data for the CRT. The *Online Student Data System* will give systems greater access to the pre-print data before and after testing. This process will help to ensure that barcode labels include the correct information for testing and that reports are accurate.

Please follow the guidelines and instructions in this guide for preparing and uploading the pre-print files for your system. This guide describes the required data, file layout, and detailed steps to use the *Online Student Data System.*

If you have any questions or need further assistance using the *Online Student Data System*, please contact Nancy Hall, Program Assistant, Measured Progress, 1.888.792.2741.

OVERVIEW OF THE SYSTEM

The *Online Student Data System* offers several features that will aide in ensuring that the data received for pre-printing test materials is accurate. The following is an overview of the system features:

Web Access
This system is accessed through the internet giving the user direct and easy use of the system. The minimum requirement for using the online system is Internet Explorer (version 5.1 for MAC, version 6.0 for PC)

Security
Access to the system and student data is based on secure passwords provided by Measured Progress. Each system was provided a unique password (see enclosed memo) to allow access to the data uploaded for their system only.

Automatic Validation of Data Files
As your system's data files are uploaded to our system, each file passes through an automatic validation process based on the requirements of the file layout. If your file is not accepted, error reports are created that will allow you to easily fix your data and re-upload. This process assures that all mandatory data files were captured correctly and are complete.

View, Edit, Delete, and Add Features
Once your data has been uploaded into the system, you will have the opportunity to view your system's data, by school, in roster format. This will add an extra quality control step to the previous process. If any student data records need to be modified after upload, the user will have the opportunity to do so in the system. After testing, each system will be able to view the student data files to make any corrections or updates needed before reports are printed.

OVERVIEW OF THE SCHEDULE

In order to have test materials prepared and distributed to systems, the timeline shown below will need to be followed closely. The timeline outlines the events related to the *Online Student Data System,* testing, and reporting.

DATE	EVENT
November 22, 2005	*Online Student Data System Guide* and memo (with password) mailed to System Test Coordinators
December 5, 2005	Online system is available for pre-print data for grades 3-8 & 10.
January 19, 2006	CRT: Grades 3-8: all student data files must be uploaded and updated for barcode label pre-printing. CRT-Alternate: Grades 3-8 and 10: all student data files must be uploaded and updated for barcode label pre-printing.
February 3, 2006	CRT Grade 10: all student data files must be uploaded and updated for barcode label pre-printing
February 3 – 10, 2006	CRT-Alternate test activity materials and training CD arrive to System Test Coordinators
February 4, 2006	CRT-Alternate Test Booklets are posted online for System Test Coordinators to download and print for teachers administering the alternate assessment.
February 13 – March 29, 2006	CRT-Alternate Assessment testing window
February 21 – 24, 2006	CRT test materials (with CRT-Alternate student kits for returning the tests) arrive to System Test Coordinators
March 6 – 29, 2006	CRT testing window
April 24 – May 18, 2006	Online verification of student data after testing (CRT and CRT-Alternate)
June and July 2006	CRT and CRT-Alternate standard setting meetings (Grades 3-8 & 10)
September 15-18, 2006	Reports shipped to System Test Coordinators

Note: Uploading of data files is **mandatory** for all systems by the dates above. Test administrators must code pages 1 & 2 of the Student Response Booklet for all new students (after the dates above) or for students without a pre-printed student barcode label.

REQUIRED STUDENT DATA

For the 2006 CRT and CRT-Alternate test administrations, systems are required to collect and upload data for **all** enrolled students. This information will be used to pre-print student barcode labels. **For students taking the CRT-Alternate, System Test Coordinators will be asked to verify and add additional data (name and e-mail address of the teacher administrating the CRT-Alternate)** <u>after</u> **uploading their system data file to Measured Progress.**

FILE LAYOUT AND SPECIFICATIONS

FILE LAYOUT

The student demographic files that are prepared for use in the *Online Student Data System* must be prepared according to the file layout provided below. A file layout template is available for you to copy and enter data. Please provide your data in the specified fields and formats. Do not reorder text information or use different values. If your file does not meet these file requirements, it will not be accepted by the system.

Step 1: Accessing the File Layout Template

- Using your web browser, navigate to http://iservices.measuredprogress.org
- Once at the webpage, select **Montana** from the drop-down box and click **Enter.**
- Click on **Online Student Data System.**
- At the Log In screen, select **View File Layout Template** in the lower left-hand corner of your screen. A User Guide is also available on this screen for you to download and copy, if needed.
- A file layout will open to an Excel spreadsheet. Save the File Layout Template on your hard drive or other storage device.
- Please review file specifications, program information, and participation options on pages 8-12 before you enter student-level data fields.
- Enter student demographic data for all students/schools within your system into the appropriate fields. Proceed to Step 2 below.

Each system will upload <u>one </u>student demographic data file containing data for ALL schools/students within a system. Do not attempt to upload data files individually by schools, they will be rejected. Systems may only upload student-level data once. After the file is uploaded, you may edit the data however, you cannot add new schools (only new students for schools that exist in the data file).

Step 2: Saving the Student Demographic Data File and Preparing for File Upload to Measured Progress

System pre-print files for the CRT and CRT-Alternate are to be submitted as CSV files. The Excel data file saved on your hard drive must be converted to a CSV file before uploading. To convert an Excel file to a CSV file, follow the following steps:

- Select **Save As** from the **File** dropdown menu.

- From the **Save As Type** dropdown menu, scroll down and select **CSV (Comma delimited) (*.csv).** Save the file again to your hard drive or storage device. The file name must include your system code with a CSV file extension. *Example:* Helena0611.CSV – where Helena is the name of the system and 0611 is the system code.

If you receive the following message, *Copy of file layout for barcodes.csv may contain features that are not compatible with CSV. Do you want to keep the worksheet in this format?*, please answer **YES.**

• Proceed to "Using the Online System" on page 13-15 and follow the steps to upload the data file.

FILE SPECIFICATIONS

The file specifications below include all the required fields and values for preparing your student demographic data files.

FIELD NAME	VALID VALUE	FIELD LENGTH
SCHOOL CODE (SEE APPENDIX 1: LIST OF SCHOOL CODES)	4-DIGIT SCHOOL CODE	04
TEACHER LAST NAME		12
TEACHER FIRST NAME		08
GRADE	03-10	02
STUDENT LAST NAME		12
STUDENT FIRST NAME		08
STUDENT ID (OPTIONAL)		10
GENDER	F = FEMALE M = MALE	01
DATE OF BIRTH	DDMMYYYY	08
ETHNICITY	A = ASIAN B = BLACK OR AFRICAN AMERICAN H = HISPANIC I = AMERICAN INDIAN OR ALASKAN NATIVE P = NATIVE HAWAIIAN OR PACIFIC ISLANDER W = WHITE	01

PROGRAM INFORMATION (CODE ALL THAT APPLY)	VALID VALUE	FIELD LENGTH
SE = SPECIAL EDUCATION	YES = 1	01
504 = 504 PLAN	YES = 1	01
MG = MIGRANT	YES = 1	01
GT = GIFTED/TALENTED	YES = 1	01
LEP = LIMITED ENGLISH PROFICIENT	YES = 1	01
FLEP = FORMER LEP/ELL	YES = 1	01
F/RL = FREE/REDUCED PRICE LUNCH	YES = 1	01
TM = TITLE 1 MATH (OPTIONAL)	YES = 1	01
TR = TITLE 1 READING (OPTIONAL)	YES = 1	01
SCD = SIGNIFICANT COGNITIVE DISABILITY	YES = 1	01
ALT = STUDENT TAKING THE CRT ALTERNATE ASSESSMENT	YES = 1	01

SPECIAL EDUCATION (CODE ALL THAT APPLY):		
AU = AUTISM	YES = 1	01
CD = COGNITIVE DELAY	YES = 1	01
CW = CHILD WITH DISABILITY	YES = 1	01
DB = DEAF-BLINDNESS IMPAIRMENT	YES = 1	01
DE = DEAFNESS	YES = 1	01
ED = EMOTIONAL DISTURBANCE	YES = 1	01
HI = HEARING IMPAIRMENT	YES = 1	01
LD = LEARNING DISABILITY	YES = 1	01
OH = ORTHOPEDIC IMPAIRMENT	YES = 1	01
OI = OTHER HEALTH IMPAIRMENT	YES = 1	01
SL = SPEECH/LANGUAGE	YES = 1	01
TB = TRAUMATIC BRAIN INJURY	YES = 1	01
VI = VISUAL IMPAIRMENT	YES = 1	01
REPORTING EXCLUSIONS (CODE ALL THAT APPLY)		
LEP1 = 1ST YEAR IN UNITED STATES LEP STUDENT	YES = 1	01
FX = FOREIGN EXCHANGE STUDENT	YES = 1	01
SNE = STUDENT NOT ENROLLED	YES = 1	01
PT = PART TIME STUDENT	YES = 1	01
PRAS = PRIVATE ACCREDITED SCHOOL	YES = 1	01
PRNAS = PRIVATE NON-ACCREDITED SCHOOL	YES = 1	01
PRNAT1 = PRIVATE NON-ACCREDITED TITLE 1 SCHOOL	YES = 1	01
NSAY = NOT IN SCHOOL FULL ACADEMIC YEAR	YES = 1	01
NDAY = NOT IN DISTRICT FULL ACADEMIC YEAR	YES = 1	01

Program Information

SE	Special Education student, identified as being disabled, who has an IEP.
504	Student identified as 504, who has a 504 plan.
MG*	Student who has migrant status. A child is designated "migrant" and considered eligible for services under the Title I Part C statute if he or she meets very specific conditions extracted from the law. A detailed definition follows this chart.
GT	Gifted student identified and served.
LEP/ELL**	Student identified as limited English proficient. Montana observes the federal definition of limited English proficiency. Both language impact and academic achievement must be considered. A detailed definition follows this chart.
FORMER LEP	Student cannot be current LEP.

F/RL	Student who is eligible for free or reduced-price lunch participation. Due to the confidential nature of this designation, the response booklet must be coded by:
	(a) a district or school building test coordinator, OR
	(b) the local school district official who determines free and reduced-price eligibility (i.e., school food official)
	If the coding is to be done by a test coordinator, then the school food official will provide a list of free and reduced-price eligible students to the test coordinator. Upon completion of the coding, the test coordinator must return the list to the school food official. If the coding is to be done by the school food official, then the test coordinator will give the Student Response Booklets to the school food official. Upon completion of coding, the school food official is to return the Student Response Booklets to the test coordinator.
TM (LOCAL OPTION)	Title I Math
TR (LOCAL OPTION)	Title I Reading
SIGNIFICANT COGNITIVE DISABILITY	The IEP team has determined that the student has a significant cognitive disability which qualifies him/her for the CRT-Alternate.

* MG: A child is designated "migrant" and considered eligible for services under the Title 1 Part C statute if he or she meets very specific conditions extracted from the law. A migratory child means:

a. a child who is, or whose parents, spouse, or guardian is, a migratory agricultural worker, including a migratory dairy worker, or migratory fisher; and

b. who, in the preceding 36 months, companying such parent, spouse, or guardian in order to obtain temporary or seasonal employment in agricultural or fishing work has moved from one school district, to another.

NOTE: Districts may not make migrant eligibility determinations without assistance from the Office of Public Instruction; however, once identified the child must be coded on any standardized achievement test taken.

**LEP/ELL: Montana observes the federal definition of limited English proficiency. Both language impact and academic achievement must be considered when identifying LEP/ELL students. A student must be identified as one of the following:

1. an individual who was not born in the United States or whose native language is a language other than English;

2. an individual who comes from an environment where a language other than English is dominant;

3. an individual who is American Indian or Alaskan Native and who comes from an environment where a language other than English has had a significant impact on the individual's level of English language proficiency.

The student must also have sufficient difficulty speaking, reading, writing, or understanding the English language to deny such an individual the opportunity to learn successfully in classrooms where the language of instruction is English or to participate fully in our society.

Determining How Students Will Participate in the CRT or CRT-Alternate

All students with special needs participate in the CRT assessment program either by taking the regular CRT or CRT-Alternate Assessment if they meet the eligibility criteria. Students with special needs and LEP students are often given extensive testing accommodations. All persons administering assessments to special education students should be familiar with the assessment guidance that is part of each student's IEP and with the allowed state assessment accommodations. Although testing accommodations often derive from the IEP, any student may be given testing accommodations as long as they parallel the accommodations used for that student in daily instruction and do not invalidate the purpose of the test.

Scores of students taking the CRT-Alternate Assessment are classified into the same four performance categories as students taking the regular CRT assessment. This allows the scores of alternately assessed students to be aggregated with the scores of other students for the performance classification of schools and districts under the No Child Left Behind Act.

OPI has established goals for the performance of children with challenging disabilities that are consistent, to the maximum extent appropriate, with the goals and standards for non-disabled children. Therefore, the CRT-Alternate Assessment is based on a subset of standards taken from the Reading and Mathematics Content Standards. The inclusion of students with disabilities in the assessment and accountability system is critical to ensure appropriate allocation of resources and learning opportunities for these students. The CRT-Alternate Assessment was designed for the less than one percent of the student population for whom traditional assessments, even with accommodations, would be an inappropriate measure of progress. Completion of the CRT-Alternate Assessment accomplishes the following results:

> ➢ ensures that students with significant challenges will be represented in school achievement data;
>
> ➢ provides multiple ways for the IEP team (including general and special education teachers, support services, families, and students) to measure progress on relevant student outcomes;
>
> ➢ encourages student choice and decision-making in learning as well as evaluation of student work;
>
> ➢ merges instructional and assessment activities; and
>
> ➢ builds support for meaningful participation in appropriate general education curriculum.

OPTIONS FOR PARTICIPATION IN THE CRT AND CRT-ALTERNATE

CRT Without Accommodations	CRT With Standard Accommodations	CRT With Nonstandard Accommodations	CRT-Alternate Assessment
• For students who do not require accommodations of any kind. • Group setting • Untimed with guidelines	• Available for any student (student with disabilities <u>as well as</u> student without disabilities) when an accommodation is necessary to allow the student to demonstrate his/her skills and competencies. • Must be coded in the Student Response Booklet • May be given in either, or both, reading and math portions. • Does not change intent/content of the test.	• For a student when specified in his/her IEP/504/LEP plan. • Must be coded in the Student Response Booklet • May be given in either, or both, reading and math portions. • <u>Changes</u> the intent/content of the test. • **When a nonstandard accommodation is used, the student's score will be reported as a 200, NOVICE, performance category for that content area AND be counted as "not participated" in the CRT.**	• For a student when specified in his/her IEP plan. • For students who have a significant cognitive disability. • Must be coded in the Student Response Booklet.. • Based on alternate achievement standards.

USING THE ONLINE SYSTEM

Once you have collected and prepared your student data pre-print files, you are ready to upload the files to the *Online Student Data System.* By following the steps listed below you will be able to access the website, upload the data files, and update the data as needed before testing.

STEP 1: ACCESSING THE WEBSITE

- Using your web browser, navigate to http://iservices.measuredprogress.org
- Once at the webpage, select **Montana** from the drop-down box and click **Enter.**
- Select the **Online Student Data System.**
- You will now need to login to the secure site to upload and access your data file.

To login, follow these steps:

- Select the name of your System from the **System** drop-down menu.
- Enter your secure password provided to you by Measured Progress in the **Password** box.
- Click the **Log In** button.
- You will be directed to the **Upload Data File** screen.

STEP 2: UPLOAD STUDENT DATA FILES

The first task in using this program is to upload your system's data files. Your system is responsible for uploading the pre-print files by **January 19 (grades 3-8) and February 3 (grade 10)**. Grade 10 student data files may be uploaded at anytime during the December 5 through February 3 window. The grade 10 window was extended due to semester changes and other shifts in demographic data in high schools. **For the CRT-Alternate, grades 3-8 and 10 must be uploaded by January 19.**

To upload files, first use the file layout template to format your pre-print data. Once you have created the file, please follow the directions below.

- Using the **Browse** tool, locate the file on your computer or system.
- Once you have located the file to upload, click the **Upload** button.
- Your file will then be validated to ensure that the required fields and information are provided correctly.

If your file is rejected:

- You will be directed to the **Confirmation** screen, with a message stating that your demographic file has not been uploaded.
- You will be provided with **Error Reports** to review and use to correct your pre-print file
  - o The Error Reports are PDF files.
  - o Click on the reports to open.
  - o When reviewing the report, data colored in red or bold (when the document is printed) denotes an out of range value. The # sign denotes missing data in a required field.

       o   Once you have opened the files, you can print each report out to use in correcting your pre-print file.
- Once you have corrected your original data file, repeat the steps above to upload your file.

If your file is accepted:

- You will be directed to the **Confirmation** screen, click on the **Continue** button to view your pre-print data or you can exit the site at this time by clicking **Log Out**.

Reminder:
For students taking the CRT-Alternate, System Test Coordinators must add additional data (name and e-mail address of the teacher administering the CRT-Alternate) <u>after</u> uploading their data file to the system.

STEP 3: VIEW STUDENT PRE-PRINT DATA FILES

When you have uploaded your pre-print data to the *Online Student Data System*, you have the ability to review, update and add student information directly in the system until January 19 (CRT grades 3-8/CRT-Alternate grades 3-8 and 10) and February 3 (CRT grade 10) at which time the system will go offline. To begin this process, follow the steps below:

To view pre-print file data once files have been uploaded, you can either:

- Login to the system (see Step 1) and click the **Demographic Verification** button, or
- Be directed to the Demographic Verification page once you have successfully uploaded your pre-print file.

Once at the **Demographic Validation** screen:

- Select the school whose data you want to view from the **Select a School** drop-down menu.
- Once you have selected the school, click the **View Demographic Data** button. A PDF roster of the school data will be created.
- You can view the PDF online or use the print feature in the toolbar to print the document. Please review the document carefully to make sure that all of the information provided is accurate. ***Barcode labels for testing will be created from this file.***
- To return to the **Demographic Validation** screen, close out of the window displaying the PDF by using the X on the right hand side of the screen. You will then see the online system window.

STEP 4: EDIT, DELETE, OR ADD STUDENT INFORMATION

After viewing a school's pre-print roster, you may have edits, deletions, or new students to add. These tasks are easily done by following the steps listed below, but must be completed by January 19 (CRT grades 3-8/CRT-Alternate grades 3-8 and 10) and February 3 (CRT grade 10). Barcode labels will be printed based on the information in the system at this time.

From the **Demographic Validation** screen:

- Click on the **Edit Student Demographic Data** button. This directs you to the **Edit** screen.

To edit demographic information for a student in the pre-print file:

- Select the student from the **Please Select a Student** drop-down menu.
- Click on the **Retrieve Student Demographic Data** button.
- The selected student's information will be populated in the fields below.
- You may now edit the information as needed. Please make sure to include all information in the required fields. These fields are marked by an asterisk.
- If you make an update and would like to reset the information in the original pre-print file, click the **Return to School Listing** button. You may then reselect the student for updates.
- Once you have completed your updates, click the **Update Student Data** button and your updates will be incorporated into the file.
- If you have more updates, simply select the next student from the drop-down menu and continue to update the files as needed.
- To view your changes, repeat the steps above for *viewing student pre-print data files*.

To delete a student from the pre-print file:

- Select the student from the **Please Select a Student** drop-down menu.
- Then click on the **Retrieve Student Demographic Data** button.
- The selected student's information will be populated in the fields below.
- Click the **Delete Student Data** button.
- You will be prompted to complete a confirmation form for the deletion.
- Once you have completed the required fields, click the **Continue – Delete Student Record** button.
  - o If you do not wish to delete the student record, click the **Cancel – Return to Student Record** button. This will return you to the student information fields.
- Once you have completed your deletion, you can select another student's record to edit.
- To view your changes, repeat the steps above for *viewing student pre-print data files*.

To add a student to the pre-print file:

- Click on the **Add New Student** button.
- You will be provided with blank student information fields to complete.
- Please make sure to include all information in the required fields. These fields are marked by an asterisk.
- Once you have completed the required information, click the **Update Student Data** button and the student will be added to the pre-print file.
- If you do not want to add this student, click the **Return to School Listing** button. You will be directed back to the **Demographic Validation** screen.
- To view your changes, repeat the steps above for *viewing student pre-print data files*.

VERIFYING DATA FOR REPORTING
APRIL 24 – MAY 18, 2006

OVERVIEW OF THE PROCESS

Once all test materials are collected and returned to the district, materials will be shipped to Measured Progress for processing. After initial scanning and collection of student data, student test data will be matched to the pre-print files uploaded before testing. After this process, each system's student data files will be posted to the online system.

The posted data file will include student records that matched the pre-print barcode labels exactly, records that were bubbled in at the time of testing, and records where no answer sheet was returned or returned blank for an enrolled student.

It will be the responsibility of the System Test Coordinator to review the data file, edit where needed, update the bubbled in records so that all required demographic data are complete, and update participation codes for the records where no answer sheet was returned or a blank answer sheet was returned. **All** enrolled Montana students must be accounted for; therefore, it is imperative that you review and verify this information.

It is important to note, that at no time will you be able to view student's score or performance data on the system. This opportunity to view student data is for the purpose of ensuring clean data for reporting.

USING THE ONLINE SYSTEM

Once you have been notified that your student data files are available, you are ready to review the files to the *Online Student Data System.* By following the steps listed below you will be able to access the website, review the data and modify it as needed before reporting.

Step 1: Accessing the Website

- Using your web browser, navigate to http://iservices.measuredprogress.org
- Once at the webpage, select **Montana** from the drop-down box and click **Enter.**
- Click on the **Online Student Data System** link**.**
- You will now need to login to the site.

To login, follow these steps:

- Select your System from the **System** drop-down menu.
- Select the school you wish to view from the **School** drop-down menu. *By selecting System office, you will be able to view all data files, by school, for your entire system.*
- Enter your secure password provided to you by Measured Progress in the **Password** box.
- Click the **Log In** button.

Step 2: View Student Post-Test Data Files

When you access the system after testing, you have the ability to review, update and add student information directly in the system until the date specified for your administration at which time the system will go offline. To begin this process, follow the steps below:

To view post-test data, you can:

- Login to the system and click the **Demographic Verification** button

Once at the **Demographic Validation** screen:

- Select the school whose data you want to view from the **Select a School** drop-down menu.
- Once you have selected the school, click the **View Demographic Data** button. A PDF roster of school data will be created.
- You can view the PDF online or use the print feature in the toolbar to print the document. Please review the document carefully to make sure that all of the information provided is accurate. *Reports will be created from this file.*
- To return to the **Demographic Validation** screen, close out of the window displaying the PDF by using the X on the right hand side of the screen. You will then see the online system window.

Step 3: Edit and Update Student Information

After viewing a school's post-test roster, you may have edits and updates to participation codes. These tasks are easily done by following the steps listed below, but must be completed by the date specified for your administration. **Reports will be printed based on the information in the system at this time.**

From the **Demographic Validation** screen:

- Click on the **Edit Student Demographic Data** button. This directs you to the **Edit** screen.

To edit demographic information for a student in the post-test file:

- Select the student from the **Please Select a Student** drop-down menu.
- Click on the **Retrieve Student Demographic Data** button.
- The selected student's information will be populated in the fields below.
- You may now edit the information as needed. Please make sure to include all information in the required fields. These fields are marked by an asterisk.
  - o *It is important to also check the student's participation code to make sure the information is correct.*
- If you make an update and would like to reset the information in the original pre-print file, click the **Return to School Listing** button. You may then reselect the student for updates.
- Once you have completed your updates, click the **Update Student Data** button and your updates will be incorporated into the file.
- If you have more updates, simply select the next student from the drop-down menu and continue to update the files as needed.
- To view your changes, repeat the steps above for *viewing student post-test data files*.

To resolve bubbled-in student data:

- From the **Demographic Validation** screen, click on the **Edit Student Demographic Data** button. This directs you to the **Edit** screen.
- Select the student pre-print student record from the **Please Select a Student** drop-down menu.
- Click on the **Retrieve Student Demographic Data** button.
- The selected student's information will be populated in the fields below
- Under **Participation Codes**, select *Student bubbled in answer document.*
- Then select the record for the bubbled in answer document student and edit the information as needed.
- If you make an update and would like to reset the information in the original pre-print file, click the **Return to School Listing** button. You may then reselect the student for updates.
- Once you have completed your updates, click the **Update Student Data** button and your updates will be incorporated into the file.
- If you have more updates, simply select the next student from the drop-down menu and continue to update the files as needed.
- To view your changes, repeat the steps above for *viewing student post-test data files*.

SYSTEM AND SCHOOL CODES

SS Code	System Name	SC Code	School Name	City
0919	Absarokee Public Schools	1125	Absarokee School	Absarokee
0919	Absarokee Public Schools	1126	Absarokee High School	Absarokee
0919	Absarokee Public Schools	1775	Absarokee 7-8	Absarokee
